Vbnm**** Lkjh**** c/o Sonia Heffner 880 strider ln Columbus, IA 55555

Note: A review of your medications was done on April 30, 2021 with Jerrard Butler who served on your behalf. Here is a summary of your medication review

Dear Vbnm**** Lkjh****,

Thank you for talking with me on April 30, 2021, about your health and medications. As a follow-up to our conversation, I have included two documents:

- 1. Your **Recommended To-Do List** has steps you should take to get the best results from your medications.
- 2. Your **Medication List** will help you keep track of your medications and how to take them.

If you want to talk about these documents, please call Erica Bernstein at 877-237-0050 X555, 8am to 7p CT, Monday through Friday. TTY users call 711.

I look forward to working with you and your doctors to make sure your medications work well for you.

Sincerely,

Erica Bernstein

☐ It is important to take your medications as directed to get the most from them. Talk to your pharmacist if there are changes to your medications or if you have questions.

How to Safely Dispose of Unused Prescription Medications

Prepared on: 05/11/2021

Get rid of unused or expired medicine as soon as possible. Read the information that came with your medicine. It might tell you how to safely get rid of it. If you don't have the information, follow one of these safe options:

- Ask your local pharmacy if they have a program to get rid of medicine you do not need anymore.
 - Some pharmacies (and other DEA approved sites) allow medicine to be mailed to the pharmacy.
 - Ask for the special packages needed to mail medicine.
- 2. Bring the medicine to a **community Drug Take Back program**.
 - This is the best method for controlled substances.
 - Drug Take Back programs near you:
 - first_businessName
 first address1 first address2 first city, first state first zip
 - second_businessName
 second_address1 second_address2 second_city, second_state second_zip
- 3. Visit **DEATakeBack.com** to find other collection sites in your area.
 - You can search by your city or zip code at https://apps2.deadiversion.usdoj.gov/pubdispsearch/spring/main?execution=e2s1.
- 4. Follow the steps below to **throw away medicine in the trash** or flush *approved* medications.
 - Do not flush medicine in the toilet or sink unless there are instructions telling you to do so. Learn more about the flush list and safe medicine disposal at https://www.hhs.gov/opioids/prevention/safely-dispose-drugs/index.html.

Take or scratch off personal information, including Rx number, from the packaging before getting rid of medicine.

Throwing away medicine at home

There are three simple steps to throw away your medicine in your household trash:

- 1. **Remove** the medicine from its container and **mix** with an unappealing substance, such as dirt, used coffee grounds or kitty litter.
- Put in sealable bag or other container. This will prevent leaking or breaking out of the garbage bag.
- 3. Place in the trash.

Medication List
